Operations | Supply Chain | Business Transformation

PROFESSIONAL SUMMARY

Senior operations and supply chain leader (Director-VP / Head) specializing in business transformation, NetSuite ERP, S&OP, sourcing/logistics, and PE portfolio operations. Proven record leading global system rollouts, large procurement/fulfillment organizations, and decision-science-enabled supply chain programs for Fortune 500 and PE-backed businesses. Six Sigma Master Black Belt (Motorola Certified).

SKILLS

Business Transformation, Supply Chain Management, S&OP, NetSuite ERP, Sourcing, Logistics, Procurement, Six Sigma, Process Excellence, PE Portfolio Operations, Sales Operations, Program Management, Cross-Functional Leadership, Kyriba, HubSpot CRM

PROFESSIONAL EXPERIENCE

Encompass Digital | Global | August 2023 - Present

Head of Transformation Services

Lead business transformation engagements focused on operational efficiency, ERP/AI-enabled decision support, and supply chain alignment across industries.

Siprocal | Miami, FL | June 2021 - August 2023

Vice President, Operations

- Implemented NetSuite ERP and HubSpot CRM as a global system of record to support PE exit readiness.
- Launched a digital dashboard for a \$40M business, giving leadership real-time forecast and KPI visibility.
- Cut banking reconciliation effort 50% by integrating bank partners through Kyriba.

RTB Consulting Services | Greater Chicago Area | 2016 - June 2021

Operations, Systems, and Finance Leader (VP Operations)

- Added \$10M enterprise value for a decision-science client by applying ML/AI to supply chain use cases.
- Facilitated acquisition of a \$100M distribution business (strategy, diligence, and negotiation).
- Drove 30% annual profit increase by implementing global Sales and Operations Planning (S&OP).
- Founded and operated a \$3M UIC Innovation and Research Center with corporate and university partners.

Mu Sigma Inc. | Northbrook, IL | May 2019 - May 2020

Supply Chain Practice Leader

- Added \$10M enterprise value for a hardware-store client across marketing, credit, and supply chain.
- Built a Supply Chain Center of Excellence (demand analytics, inventory, transportation, S&OP, KPI dashboards).

Standard General Private Equity | Dallas-Fort Worth, TX | 2015 - 2016

Vice President, Supply Chain Operations

- Led a 150-person RadioShack supply chain team managing \$30M cost and \$500M+ procurement.
- Reduced annual supply chain costs \$5M through analysis and outsourcing of supply chain functions.
- Improved key supply chain metrics 57% (forecast accuracy, in-stock percentage, inventory turns, delivery times).
- Cut order fulfillment time 33% by renegotiating contracts with approximately 74 Asian vendors.

Brightstar Corp. | North America | 2013 - 2015

Vice President, Sales and Product Operations

- Built and managed sales operations for a multibillion-dollar wireless distributor spanning order management, call center, retail operations, and dealer support.
- Increased customer satisfaction 40% by standing up a customer-facing sales operations function.

- Reached 85% employee satisfaction through the Character Quest leadership identification and mentoring program.

Leap Wireless International (Cricket) | Denver, CO | 2011 - 2013

Senior Director, Operations

- Generated \$122M in annual savings through an employee idea-driven cost program with board-level visibility.
- Reduced capital spending \$100M by launching the first fully outsourced logistics program for a wireless carrier.
- Drove \$30M EBITDA impact by lifting supply chain metrics to world-class levels.

Dell | North America | 2009 - 2011

Director of North America Operations

- Led a 100-person team overseeing a \$10B online and retail operation (pricing, forecasting, demand planning, PLM, retail ops).
- Closed \$200M in wireless carrier contract revenue in the U.S. and Europe.
- Increased profits 5% in a \$2B consumer retail market while reducing supply chain staff cost \$3M annually.

Motorola | Libertyville, IL | 2001 - 2008

Master Black Belt, Global Sales

- Delivered \$20M in annual cost reductions leading Six Sigma projects across international sales and marketing.
- Built a governance model that enabled a \$1B-profit business to hit forecasts and operating goals.
- Reduced Europe and U.S. sales workforce 27% through a value-of-efforts program that eliminated low-value work.
