VP Operations and Supply Chain Transformation

I turn supply chains, systems and operating rhythms into measurable P&L results: $100M in capital spending cut, a 57% lift in key supply chain metrics, and a 30% annual profit increase from global S&OP.

> **Open to:** VP Operations / Supply Chain · Interim or Fractional COO · Private equity operating projects

PROFESSIONAL SUMMARY

Operations and supply chain transformation leader who has led enterprise programs as an independent executive since 2016, after VP and senior operations roles at Standard General (RadioShack), Brightstar, Leap Wireless and Dell. Specializes in business transformation, NetSuite ERP, S&OP, sourcing/logistics, program and change management, and PE portfolio operations. Proven record leading global system rollouts, large procurement/fulfillment organizations, and decision-science-enabled supply chain programs for Fortune 500 and PE-backed businesses. Six Sigma Master Black Belt (Motorola Certified).

SKILLS

Business Transformation · Supply Chain Management · S&OP · NetSuite ERP · Sourcing · Logistics · Procurement · Six Sigma · Process Excellence · PE Portfolio Operations · Sales Operations · Program Management · Change Management (Kotter/ADKAR) · Cross-Functional Leadership · Kyriba · HubSpot CRM

PROFESSIONAL EXPERIENCE

KNOWiNK (Contract) | March 2025 – Present
Transformation Lead, Voter Registration System Implementation

- Lead a large-scale election operations office's move to the TotalVote voter registration platform, on track and on budget for summer 2027 go-live.
- Introduced a Kotter/ADKAR change management model, the first of its kind at a jurisdiction of this scale, with improvements across all measures over time.
- Implemented Election Lens, a first-of-its-kind real-time dashboard that improves visibility and operational efficiency across voter turnout, mail ballot tracking, and polling place readiness.
- Modernized Election Worker Management with a new interface, map views of judges and polling places for assignments, smarter scheduling, email and SMS notifications, automated training assignments, and an integrated public-facing portal.

Encompass Digital (Contract) | February 2024 – February 2025
Transformation Lead, Business Development Partner

- Shaped and pitched transformation programs for ERP implementation and data privacy to prospective clients in ad tech, gaming, consumer food and mobile devices, with deal sizes of $2M–$5M.
- Led the transformation scope: operating-model and process design, implementation roadmaps, and executive presentations.

Siprocal (Contract) | Miami, FL | June 2021 – January 2024
Vice President, Operations

- Implemented NetSuite ERP and HubSpot CRM as a global system of record to support PE exit readiness.
- Launched a digital dashboard for a $40M business, giving leadership real-time forecast and KPI visibility.
- Cut banking reconciliation effort 50% by integrating bank partners through Kyriba.

RTB Consulting Services | Greater Chicago Area | 2016 – June 2021
Operations, Systems, and Finance Leader
Independent consultancy. Clients included Home Depot, Mu Sigma, Foxconn, Dell, SoftBank, Sprint, Brightstar Distribution, Production Resource Group (PRG), UIC, Patina Solutions and Dean Foods.

- Drove a 30% annual profit increase by implementing a global Sales and Operations Planning (S&OP) process.
- Facilitated acquisition of a $100M distribution business (strategy, target identification, diligence, and negotiation).
- Founded and operated a $3M UIC Innovation and Research Center with corporate and university partners.
- Structured and executed disposition of about $2.4M in excess inventory for a PE-backed automotive aftermarket manufacturer (2018).

> **Engagement: Mu Sigma Inc.** | Northbrook, IL | May 2019 – May 2020
> *Supply Chain Practice Leader*
> - Built a Supply Chain Center of Excellence applying ML/AI to demand analytics, inventory optimization, transportation analytics, S&OP, and KPI dashboards.
> - Added $10M in new-business enterprise value for a hardware-store (home-improvement retail) client across marketing, credit services, and supply chain.

Standard General Private Equity | Dallas–Fort Worth, TX | 2015 – 2016
Vice President, Supply Chain Operations

- Led a 150-person RadioShack supply chain team managing $30M cost and $500M+ procurement.
- Reduced annual supply chain costs $5M through analysis and outsourcing of supply chain functions.
- Improved key supply chain metrics 57% (forecast accuracy, in-stock percentage, inventory turns, delivery times).
- Cut order fulfillment time 33% by renegotiating contracts with approximately 74 Asian vendors.

Brightstar Corp. | North America | 2013 – 2015
Vice President, Sales and Product Operations

- Built and managed sales operations for a multibillion-dollar wireless distributor spanning order management, call center, retail operations, and dealer support.
- Increased customer satisfaction 40% by standing up a customer-facing sales operations function.
- Reached 85% employee satisfaction through the Character Quest leadership identification and mentoring program.

Leap Wireless International (Cricket) | Denver, CO | 2011 – 2013
Senior Director, Operations

- Generated $122M in annual savings through an employee idea-driven cost program with board-level visibility.
- Reduced capital spending $100M by launching the first fully outsourced logistics program for a wireless carrier.
- Drove $30M EBITDA impact by lifting supply chain metrics to world-class levels.
